**Instructions to Reviewers:**

1. All individuals reviewing this application are required under 35 USC 181 to sign and date this form regardless of whether they are making a secrecy order recommendation.
2. The attached copy of the application, any copies made therefrom and this form must be returned to the PTO once a recommendation not to impose secrecy has been made or a secrecy order has been rescinded.

**Time for Completion of Review:**

Pursuant to 35 U.S.C. 184, the subject matter of this application may be filed in a foreign country for the purpose of filing a patent application without a license any time after the expiration of 6 months from filing date unless the application becomes the subject of a secrecy order.

The USPTO will make a patent application available for publication 18 months from the earliest claimed filing date. The USPTO will delay the publication of a patent application made available to a defense agency under 35 USC 181 until the earlier of 6 months from the filing date or 90 days from the date referred to that agency. This application will be denied publication 6 months from the filing date or 90 days from the date referred to that agency. If the application is referred to another agency, the agency to which it is referred will be responsible for publication 6 months from the date referred to that agency, whichever is later, unless a response is provided in the USPTO requiring the necessary recommendation as to the imposition of a secrecy order.
